

CIRCLE FUN

1. Just three little circles in a big one, but look again, and they will represent something used in a well-known sport.

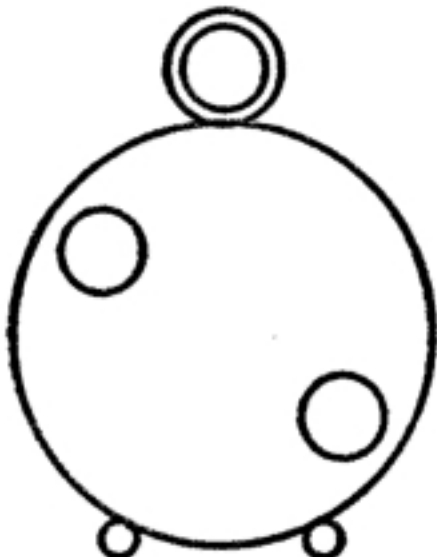

1. A bowling ball

3. To draw the head of a panda, just make nine circles of different sizes. Count 'em if you don't believe it.

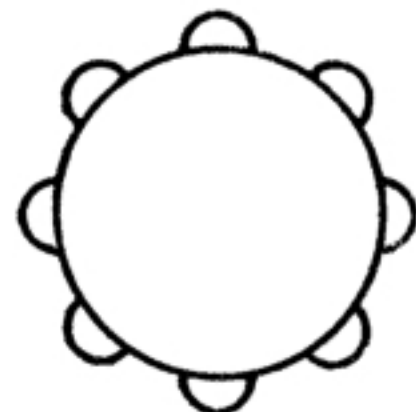

2. This is the back of something very familiar. Can you name it?

2. An alarm clock

4. These little circles, half-hidden by the big circle, make gypsy dance music. What instrument do they represent?

4. A tambourine
